## STILL IN FORCE.

Defense Not Ready to Try to Dissolve the Injunction.

Judge Pryor Says "The Matter Has Not Been Abandoned."

Frankfort, Ky., Dec. 16.—Hearing of the Meacham injunction suit to restrain the holding of a Democratic primary election next year, which was set for today in the Franklin Circuit Court, was postponed until January 6.

Judge Pryor, of the defense, announced that the notice was called in and that the matter would go over to the regular term of circuit court in January.

Many theories are advanced as to the action of the defense in calling proceedings off. Judge Pryor said:

"The matter has not been abandoned by any means. Judge Cantrill could not come here today and some of the lawyers had not arrived. Mr. Young thought it best, under the circumstances, to delay the matter and we did so."

The anti-primary men say, "We were ready to go to Georgetown if Judge Cantrill could not come here, and as to the lawyers, they were coming today in plenty of time."

### OTHER IMPORTANT REASONS.

It is rumored that there is an important reason other than the inconvenience of going to Georgetown, and that Chairman Young has another "hen on."

An "anti" said in discussing the matter: "The situation is just this: Young and his men have been feeling the pulse of the state on this proposition, and now they have found by investigation that there is a dangerous anti machine element, not only in Western Kentucky, but all over the state, actively against the primary, and that it will not do to push the matter now."

### MAY NEVER BE HELD.

Another "anti" says he has been advised from a man who is on the inside that the primary will never be held. This is not taken seriously by many, however. The same "anti" says that the proposed changes in the call and the perfection of the details of the primary, announced a few days ago as a probable occasion for delay of the argument, do not play an important part, but merely figure as an excuse to gain time in which to placate the anti-primary faction.

The anti-primary men have been complaining that the desire of the present committee was to perpetuate themselves in office, and in answer to this a lawyer for the defense is quoted as saying that a part of the answer of the defense will be an insertion in the primary call providing for the election of the next Executive committee by the people in the Congressional districts.

### SEVERAL DAMAGE SUITS.

Plaintiffs Seek to Recover From Railroad Contractors.

Six more actions for damages have been entered at Nashville against Mason, Hoge & Co., the contractors having the work of constructing the Baker Hill tunnel for the L. & N. railroad. Fifteen thousand dollars is sued for in each of the four cases of the men killed.

The other two actions were entered by Battistisso Andrea and Angela Doniso, two of the injured men, who are not at St. Thomas hospital, having had their limbs fractured, and sustained other injuries in the accident. They sue for \$1,900 each. Five of the men entered actions for damages last week.

### Appointed Administrator.

Mr. J. J. Stevenson, of Bennetts town, has been appointed administrator of the estate of M. A. Stevenson, deceased.

## \$500,000

Amount of Which New Smelting Company is Capitalized.

E. M. Gorch and L. Haydon, of This City, Among Officers Elected.

Mr. L. Haydon, Secretary and Treasurer of the Southwestern Land, Coal and Mining Co., of this city, and W. G. Harris, mining expert, of Joplin, Mo., recently secured a large tract of rich zinc, lead and spar lands at Mexico Station, on the I. C. R. R., near Marion, Ky., and on Thanksgiving day started the first shaft. Since that date they have been in close touch with prominent business men and capitalists of Western Kentucky, who have organized the "Commercial Mining and Smelting Company," of Hopkinsville, Ky., and Phoenix, Arizona, and capitalized at \$500,000. Wednesday the incorporators met on the grounds at Mexico and held their first business meeting. The lands held by Mr. Haydon were transferred to the company and the following board of directors and officers were elected for the ensuing year, viz:

President, Judge L. C. Linn, Murray.

Vice-President, E. M. Gorch, Hopkinsville.

Second Vice-President, George L. Oates, Madisonville.

Treasurer, A. Downes, Murray.

Supt. Mines, W. G. Harris, Joplin, Mo.

Secretary, L. Haydon, Hopkinsville.

Active work will be continued, developing the property as rapidly as possible, and a large concentrating mill and smelting plant erected early next year.

It is well known that this property contains inexhaustible deposits of the richest zinc, lead and spar ores, to be found in the Marion district. Its immediate location on the I. C. R. R. makes it one of the most valuable properties of the kind in Kentucky, and perhaps equal to any in the world.

Before adjourning, the board ordered Supt. Harris to put down ten additional shafts on the property as speedily as possible.

## NARROW ESCAPE

Of Miss Joy Herndon From a Burning Building.

Miss Joy Herndon, of this city, is teaching school at Cumberland City, Va., and has been boarding at the home of her relative Mr. Philip Flippin. On Thursday night, Mr. Flippin's house burned, a splendid \$15,000 mansion, and Miss Herndon writes that she had a very narrow escape. She only had time to run from the burning building without dressing, escaping in her bare feet, by a back stairway. She lost her entire wardrobe and everything else she possessed. Mr. Geo. T. Herndon, the young lady's father, yesterday sent her a new lot of wearing apparel by express. Mrs. Herndon is also in Virginia, but was not at Mr. Flippin's.

## LARGE SALE

Of Loose Tobacco on the Floor This Week.

The loose sale of tobacco on the floor by Woodridge & Co. this week was the largest of the season. Something near seventy-five thousand pounds were sold and prices were very satisfactory. Lugs ranged from \$3.25 to \$4.10 and leaf from \$5.25 to \$7.00. No fine leaf made its appearance. Rejections were very small. Sales of the weed by the new method are increasing with each sale day and the plan is proving a big success. The sales on the breaks this week were larger than those of last week and prices were considered good. Cask receipts are heavier than at same time last year.
